

## Factory Price 3x3 Metal Aluminum Alloy Gazebo Aluminum Louvered Pergola For Mansions

Our Product Introduction

for more products please visit us on [awning-pergola.com](http://awning-pergola.com)

### Basic Information

- Place of Origin: Guangdong China
- Brand Name: Oasis
- Certification: CE ROHS
- Model Number: V22
- Minimum Order Quantity: 1 set
- Price: USD 871 USD ~4000USD or more based on the sizes
- Packaging Details: Cardboard Rigid Carton With Plywood at outside to consolidate
- Delivery Time: 7~12days for the samples ,30 days for the official orders
- Payment Terms: T/T
- Supply Ability: 5000 Square Meter/Square Meters per Month

### Product Specification

- Material: Aluminium Alloy 6063-T5
- Colour: Dark Grey /White/Custom Made Colour
- Frame Finishing: Powder Coating
- Feature: Eco-friendly ,Easy Assembly ,Sustainable ,Rodent Proof ,Waterproof ,Renewable Source
- Product Name: Aluminium Louver Blade Pergola
- Application: Garden/Backyard/Supermarket /Mansions/Buildings/Balcony/Swimming Pool/House
- Function: 100%Waterproof /Sunshade
- Type: Heavy Duty Type /Motorized And Adjustable
- Warranty: 1 Year Warranty And Maintenance For The Whole Set ,2 Years Warranty And Maintenance For The Motors
- Guarantee: 10 Years Still Good Quality As For The Aluminium Strong Materials

### Product Description

Factory Price 3x3 Metal Aluminum Alloy Gazebo Aluminum Louvered Pergola For Mansions

Product Specification			
<b>Product Name</b>	Aluminium louver blade pergola	<b>Product Features</b>	Waterproof outdoor roof system/Drainage system
<b>Materials</b>	Aluminium Alloy-6063T5	<b>Aluminium Louver blade</b>	180*43mm*1.6mm
<b>Aluminium Post</b>	150*150mm *2.5mm	<b>Aluminium Gutter</b>	123*170mm*2.1mm
<b>Angle Adjustable</b>	0~100degrees	<b>Frame Colour</b>	Dark Grey ,White /Custom made
<b>Application</b>	Outdoor ,balcony ,garden ,backyard,mansions ,buildings,courtyard	<b>Warranty</b>	1 year for the whole set ,2 years for the motor
<b>Aluminium Thickness</b>	1.6mm~2.1mm	<b>Frame Finishing</b>	Powder Coating
<b>Size:</b>	400*300*2800mm 400*400*2800mm 4000*5000*2800mm 4000*6000*2800mm 4000*8000*2800mm		
<b>Operation</b>	Either motorized with the remote control or manual with hand crank		
<b>Power component</b>	Dooya Motor ,A-motor( CE ,ROHS ,TUV ,UL,SGS )or gear box & hand cank (manual )		

Our Product Introduction

**Features:**

- 1.All Aluminium Alloy louver materials for the products
- 2.Patented leading technology all full sealed for the products in the markets ,Patented Products
- 3.Wind-resistant ,Waterproof ,sun shading and heat insulation ,ventilating
- 4.Closed ,half-open,fully-open for the louver blades of the pergolas
- 5.Hidden Led lights:Soft LED lights are hidden into the blades ,not dazzling ,remote control for the lights,perfecting the night .
- 6.Hidden drainage system : Louver blade pergola has good hidden drainage system ,water goes into the the hidden blade gutters in the roof ,flow into the side gutters and the posts ,outlets in the bottom of the posts
- 7.Fully sealed rubber strips built in all sides of the louver blade ,EPDM Raw Materials
- 8.Assembly ways : Independent installation ,Mount the side against the wall ,Splice Installation

**Advantages of our products Louver blade pergolas**

**1.This Design of Louver blade of the pergolas** :It is with the best force to hold ,it is very strong,also force bearing is very good ,so the louver blade is with the best quality ,not easy to get broken or transform,with the best safety for a lot of real estate ,home decoration projects and so on ! We use all aluminium alloy 6063T5 Aluminium for the materials of the louver blade ,posts ,gutter ,best result and the best quality for the outdoor real estate ,buildings ,home decoration projects and so on ,with the best safety advantages . Our products are with the patents from China Intellectual Property Administration ,also with a lot of certifications of honor.Our products are patented ,which means that our products mould belongs to us ,we have the copyrights of the products ,our products are with our own good thoughts of our designers ,the design is very professional ,reasonable ,scientific ,with the best quality !

Closing State 0°

Half-open state 45°

Open State 90°

Unique blade, patented appearance design

Reflect heat, double layer design effective heat insulation; In addition, LED lighting can be configured

Take in rainwater and run it from both sides to keep the roof from dripping when it's open

**2.Fully Sealed Rubber with the best protection function** : The Louver blade Fully Sealed,this technology is all patented ,we can make a difference to bring you the best result for the waterproof ,best protection against the rain.Furthermore, we use 150x150mm big post 2.5mm and 123x170mm 2.1mm big gutter,thicker materials, it can process a rainfall with more than an intensity of 0.04 to 0.05 l/s/m2, drain out the heavy rain quickly. Fully Sealed Design can make sure of the best quality for the protection from the rain ,inside the pergolas ,with the all aluminium accessories ,it is gonna be with the best advantages ,it is with the best quality ,not able ,not easy to get rusted ,get corrosive .

**3.Installation Methods**

Design and fixation mode

**Type:A**  
Freestanding type:  
All supported by uprights

**Type: B**  
Wall-mounted:  
On both sides with wall support

**Type: C**  
Side against wall:  
Vertical blade side against wall

**Type: D**  
One side against the wall:  
Parallel blades against the wall

**Type: E**  
Two sets of pergola splicing:  
two sets side by side, sharing the middle column

**Type: F**  
Multiple sets of pergola splicing:  
Multiple sets of pergolas side by side to achieve large area construction

**4.Technical Parameters**

## Technical Parameters

Frame material:	6063-T6 aluminum alloy extrusion
Screen size:	220mm wide, effective waterproof design
Louver material and function:	6063T6 UV resistance, snow resistance, pressure resistance
Motor:	Domestic motor
General voltage:	220V General (special custom)
Control mode:	Remote control
Rotation Angle:	0°C~90°C, press and stop
Dimension:	Length direction: L≤6m Width direction ≤6m
Color:	Sky Grey
Surface treatment:	Powder spray Anodizing

## 5. Your Best Choice

Rain-proof Wind-proof Snow-proof

Sun-shading Ventilate Temperature Regulation

1. Fully vented design, 2. The reinforced structure resists strong winds of force 12 level, 3. Thickened profiles withstand snow pressure

Your pleasure Your choice You can customize your ventilated Eco-room, you can choose different functions integrated into the system as lighting system, sound system, heater, side closure, optional (lifting window, glass sliding door, screens, etc.)

lighting motor Loudspeaker Lifting window Sliding door Screen

## 6. Tips of The Products

There are several reasons why an increasing number of building material wholesalers in the United States are opting for motorized louvered blade pergolas:

Firstly, the growing trend of outdoor living and home improvement in the US has led to a higher demand for innovative and functional outdoor products. Motorized louvered blade pergolas offer a modern and customizable solution that meets the evolving needs of consumers. Secondly, these pergolas provide added value to the wholesalers' product portfolios. They stand out from traditional outdoor structures and attract a wider customer base, including those looking for high-end and tech-driven options. The ease of installation and maintenance is another factor. Wholesalers appreciate products that are relatively straightforward to handle and don't require extensive training or specialized skills for installation, reducing potential complications in the supply chain. Furthermore, motorized louvered blade pergolas are often made with durable materials and advanced manufacturing techniques, ensuring a longer lifespan and fewer warranty claims. This reliability enhances the wholesalers' reputation and customer satisfaction. In addition, they are highly customizable in terms of size, color, and design, allowing wholesalers to offer a diverse range of options to meet the specific requirements of different customers and projects. For instance, in regions with a strong focus on energy efficiency, the ability of these pergolas to control sunlight and heat gain makes them particularly appealing. Also, as more homeowners invest in smart home technologies, the motorized feature aligns well with this trend, making the pergolas more attractive to a tech-savvy market.

## FAQ

### Q1. Are you trading company or manufacturer?

A: We are a manufacturer specializing in the field of outdoor electric louver blade pergolas, full cassette awnings, retractable awnings, carports, custom made awnings for 27 years!
