| Motor brand               | DOOYA SOMFY A-OK        |                              |                                                            |

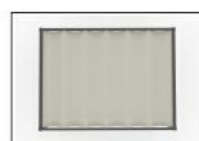

Here are the reasons why a PVC Electric retractable pergola is highly popular among building material suppliers in the United States:

Principali Caratteristiche

1. Aluminum profile load-bearing structure(100x100 profile);
2. The movable pulley moves inside the track;
3. The horizontal that connects the fabric drives the fabric to move;
4. Sunshade fabric uses waterproof fabric for outdoor use;
5. Aluminum alloy wear-resistant synchronous wheel does not slip
6. Electric control/manual control.

Display from multiple perspectives

### A canopy that can be freely extended

Expands to effectively block the sun while still allowing for some airflow
